AGENDA: Reporting & Assessment

Living Our Catholic Faith Through Service (SERVE)

If educators nurture wellbeing with a focus on our Catholic social teachings and Catholic Graduate Expectations, then students will recognize their collective God given potential and become active ambassadors of their faith.

Personal Pathways and Leadership (LEAD)

If educators strengthen positive relationships with all students, guardians and community partners locally and globally, then students will feel a sense of belonging and will demonstrate a greater understanding of pathways and opportunities available to them.

Teaching and Learning (LEARN)

If educators develop a culture of high expectations and model effective use of technology then students will demonstrate improved achievement and engagement.
